

On our amended October Quarterly Report, dated 12/2/2010, we made several data entry errors as indicated on your letter to our committee dated 2/17/2011. We inadvertently listed several contributions received shortly after the primary election as receipts for the primary election. They should have been listed as receipts for the general election. Those errors have been corrected on our amended October Quarterly Report filed, 3/21/2011.

In addition, your letter indicates that we filed several 48 hour notices for which we did not file an accompanying schedule A report and vice versa. That is not correct. When we filed the 48 hour notices, we used abbreviations in the three instances you cited on your letter and used the full names of the committees when we filed our schedule A. For example, we used the name Hall PAC in our 48 notice and Hallmark Cards PAC on schedule A. To alleviate further confusion, we will work to use the full names of the committees when we file 48 hour notice reports.
